

# PROFESSIONAL CLEAN and CLEVER

## Kitchen Roll

### Environmental information:

**FSC®:** This label of quality of the non-profit Forest Stewardship Council (FSC) identifies wood and paper products coming from responsibly managed forests. It certifies woodlands which are managed according to ecological and social criterias. Furthermore, the certification of the chain of custody safeguards the

identifiability of FSC certified materials throughout the whole product chain up to the final product. [www.fsc.org](http://www.fsc.org)

The paper of CLEAN and CLEVER PROFESSIONAL Kitchen Roll PRO 68 is certified and bears the standardised ecolabel FSC® which is recognised throughout Europe.

### Application area:

Kitchen Roll PRO 68 is suitable for use in kitchens, restaurants and hotels, canteens etc. geeignet. Due to 3ply strength, it is particularly absorbent and tear resistant.
